**Re: Planning Agent acting on behalf of Ballydonagh Solar Limited**

**Applicant Name:** Ballydonagh Solar Limited

**Development Description:** The Proposed Development comprises a 110kV Air Insulated loop in/ loop out electricity substation (11,300m<sup>2</sup>) consisting of EirGrid control building (25m x 18m), customer control building (23.1m x 10.8m), 110kV bay arrangement, busbar infrastructure foundations, transformer, lightening masts, telecoms pole, CCTV, lighting columns, capacitor bank, reactor bank, harmonic filter, rural supply kiosk, house transformer, neutral earth resistor, resistor, stand by generator, compound roads, drainage, parking and hardstanding, palisade fence and gates.

The grid connection will consist of the removal of c.248m of the existing overhead line and poles from Ennis- Agannygal-Shannonbridge 110kV circuit and the erection of two new towers (16m height) and c.975m of double 110kV underground circuit and tracks into the proposed substation.

Remaining associated infrastructure consists of entrance; perimeter fencing, access tracks (1907m) (upgraded and localised widening) with water crossings; deposition areas (4300m<sup>3</sup>); temporary construction compound; and all associated and ancillary site development, excavation, construction, landscaping and reinstatement works and the provision of site drainage.

The proposed development comprising of approximately 34.8 hectares within the townlands of Ballydonagh Kiltomer, Co Galway.

I hereby authorise the AGENT (Neo Environmental Ltd) to submit a planning application on my behalf to An Coimisiún Pleanála and that all communications will issue to the AGENT.

Signe

Anthony Doherty, Director, Ballydonagh Solar Limited.
